## 19<sup>th</sup> Wonderland Classic & Sports Car Festival June 29th & 30th

Ferry Farm, Hoveringham, Nottingham NG14 7JP

### ***“CELEBRATING 50 YEARS OF OUR FORD CAPRI”***

Our Ford Capri's have become 'national treasures' and this year we celebrate 50 years of this legendary classic. An awesome 'Capri 50 Years' celebration timeline is planned - starting back in 1969 and taking you through the MKI, MKII and MKIII years to 1986 when production ended and then onwards to 2019 with Capri restorations, modifications and re-builds. The 'RS3100', 'Perana', 'JPS', 'Broadspeed', 'Tickford', 'Zakspeed', and 'Brooklands 280' are just a few of the Capri's planned for this once-in-lifetime display.

**Saturday: Earlier opening time of mid-day.** 'Car of the Night' trophy and superb prize package will be awarded at 8pm. Saturday night features live music from local band '**Beggars Belief**' with their high-energy classic rock/pop show not to be missed, disco and bar.

**Sunday: 'Show 'n' Shine' Day.** Judging includes categories for vehicles from around the world manufactured or registered before 31.12.10\* including British classics, American 'Muscle' cars; and a mouth-watering display of European classic & sports car legends.

Wonderland 2019 features many stunning models from across the Ford range, Custom Cars, Rods, and vehicles of 'Special Interest' (Kit cars, Military and Commercial vehicles).

We are proud to confirm the **The Classicwise Collection** will be our headline sponsor for this year's festival. This agreement will provide owners, enthusiasts and visitors with the opportunity to view a range of stunning classic vehicles for sale and to learn more about the wide range of services that **The Classicwise Collection** offer at our event.

Traders, food outlets, camping Friday and Saturday night, plus a 20% discount to the Farm Park for festival visitors makes this truly a festival for the enthusiast and the family.

**Only pre-booked entries are eligible for judging**

**FREE entry for exhibitors on the Saturday**

Central location just 5 miles North of Nottingham and easy access from the A1 at nearby Newark

Open to the public
